Pursuant to Civil Rule 6-2, the parties, Use Plaintiff ISEC, Inc. ("ISEC"), on the one hand,
and Defendants Dick/Morganti, a Joint Venture ("Dick/Morganti"), Dick Corporation, The
Morganti Group, American Casualty Company of Reading, Pennsylvania; Continental Casualty
Company; National Union Fire Insurance Company of Pittsburgh, PA, on the other, hereby
stipulate and agree as follows:

This case arises out of the construction of the construction of the San Francisco Federal Building. Since the date the complaint was filed, the parties have discussed how to resolve (or at least narrow) the issues between them arising out of the Project, and these discussions continue. In particular, the parties are discussing the extent to which the claims asserted by ISEC are properly the subject of Dick/Morganti's claim against the Project owner, the United States General Services Administration. Under the circumstances, the parties desire to continue the various case management deadlines that have been established by 14 days.

The parties have previously stipulated, and the Court has previously allowed, time extensions for the response to the complaint to June 27 and June 16, 2008. The parties have filed the ADR Certification.

The parties stipulate and agree that the following case schedule should be established:

- Deadline for defendants' response to complaint: July 30, 2008.
- Last day to file Rule 26(f) report, complete initial disclosures or state objection in Rule 26(f) report and file case management statement per Standing Order re Contents of Joint Case Management Statement: July 31, 2008.
- ➤ Initial Case Management Conference: On or about August 7, 2008, on a date to be set by the Court.

A declaration in support of this stipulated request is attached.

I, John W. Ralls, declare:

- I am an attorney-at-law, a partner with Thelen Reid Brown Raysman & Steiner LLP and counsel of record for the defendants in this case, including defendant Dick/Morganti, a joint venture.
- 2 The plaintiff, ISEC, Inc. and the defendants, are engaged in settlement negotiations that may resolve this case partially, if not entirely. This case arises from the construction of the San Francisco Federal Building ("Project"). A major issue in the on-going discussions is whether and to what extent ISEC's claims are properly the subject of Dick/Morganti's claims against the Project owner, the United States General Services Administration, and so should not be prosecuted against the defendants.
- 3. I declare under penalty of perjury under the law of the United States that the foregoing is true and correct.

Executed on July 16, 2008, in San Francisco, California.

John W. Ralls
